LONG B I O

Marwan Sabb was born in Troyes, France. First time he discovered electronic music, he was a kid watching a German tv channel Viva. He came across a band of strange guys playing on their keyboards: the group's name was Kraftwerk. That day, he begged his parents to buy him a synthesizer and surprisingly succeed. His entire childhood was spent playing synthesizer and piano. It really helped him understand and produce music.

Years have passed and he turned 18 so he decided to join the army. he settled in his new little town Annecy and spent his first salary on his very first turntables, as a self- taught person he has learnt to mix all alone. He has started to play in different bars on evenings and weekends at the same time as his job at the battalion.

Early 2010, he had the chance to be part of Annecy's Electronic festival Rave On's official before - where he has warmed up for the talented Nina Kraviz. This is how he met Lando who loved his music and took Marwan under his wing during few years.

2012, Marwan Sabb was sent on a military mission to Afghanistan for 6 months where he kept playing and producing music despite his duties. He progressed, refined his style and decided to move to Paris for good.

Early 2013 Marwan Sabb_ sent a demo to Time has Changed Label owner & Dj/ Producer Timid Boy. He loved it and mentored Marwan.

3 years of experience and artistic exchanges, Marwan Sabb has found his own style. He has a terrific music identity, which is truly loved by the audience.

Together they decided to collaborate so Marwan signed his first EP with Timid boy and his label in 2014. His EP was supported by some big names like Richie Hawtin, Dubfire and Marco Carola.

2016 Marwan signed his first release on Dubfire's label: SCI+TEC !

The EP had a great success and was played and supported by Richie Hawtin at SONAR & Weather Festival, Joseph Capriati at Awakenings and Love Family Park & Dubfire all over the world .

Few weeks later, Marwan gathered with talented Dutch producer Joey Daniel to edit the Michael Jackson "In the closet" , which quickly became Marco Carola's favorite piece to close his famous MUSIC ON worldwide parties. Marco Carola played also many new tracks of Marwan at SUNWAVES Festival 2016 & 2017 .

Marwan is also the head of INSOMNIA rec. parties in Paris, inviting artists as Marco Carola, Dubfire, Apollonia, Rares, Petre Inspirescu, Rhadoo, Fumiya Tanaka, Sonja Moonear, Praslea and many more ..
