

THEOS PRESSKIT

BIOGRAPHY

Thrilled and proud to announce the rising talent THEOS is joining Chevry Agency in 2021 !

Théo got into the music scene from a very young age, carried by his two parents, musicians themselves.

In 2019, he started as a DJ, producer and musician under the alias THEOS and moved to London. Meanwhile, he studied sound engineering, focusing entirely on his music.

As for producing music, he gets its inspiration from various musical styles from his childhood such as HipHop, Jazz and Funk to make it to House music.

THEOS has been releasing more than 15 projects. Yet he is only 19 years old. He's featured on varied European labels such as Happiness Therapy (FR), Habits Records (UK) and Whoyostro (Ukraine).

THEOS is also supported by different artists of the electronic music scene: Chris Stussy, the emblematic Richie Hawtin, key members of Chevry Oden & Fatzo and our friends from Pont Neuf Records, whom he just released a new compilation with.

He's also got many releases scheduled by the end of 2021 on labels across Europe such as Fresh Take Records (UK), Shall Not Fade (UK). Get ready for it!
