DJ Set

BIOGRAPHY

DJ and entrepreneur, founder and artistic director of the Oldē brand, Emma B has made **digging** her specialty. Figure of the French electronic scene, she gets this creative plurality and her musical sense to the Parisian fashion sphere.

Born and raised in the South of France, Emma draws her inspiration from the colors, the communicative energy and the rhythm of the region of her childhood. It is this mixture of cultures and influences that makes her a **unique and rising talent** of the European music scene.

Eclectic, inventive and technical behind the decks, the DJ leaves no one indifferent during her gigs. Emma B's DJ sets are not limited to one genre but sweep a **wide musical spectrum** ranging from 90's house, UK hard house and progressive trance.

Emma B has risen alongside the greatest artists in festivals (Fusion, UNUM, Plages Electro, ...) and clubs (Fabric, Rex Club, Sisyphos, Shelter ...), in France and internationally. After releasing her first tracks in 2023 on several records such as Shall Not Fade, Emma B continues her way **in the studio** and behind machines with new releases scheduled and the launch of her label **Nocte Eterna**.
